**REQUIRED:** Please include the plans, specifications, and method of construction for the sign(s). **An aerial map must be submitted showing where any proposed sign that is not attached to a building is to be located with measurements listed from property lines.**

**Major Code Requirements: (All regulations can be found in Chapter 157 of the Code of Ordinances)**

- All Signage must be placed upon private property.
- Signs on an exterior wall can be no more than (2) square feet for every lineal foot of exterior building wall displaying such sign (a building wall with 40 linear feet can accommodate a sign up to 80 square feet).
- Post or Monument signs shall not exceed one (1) square foot of sign area for each lineal foot of street frontage abutting the portion of the parcel or premises, up to a max of 300 sq feet. (A property with 80 linear feet of street frontage can accommodate a post or monument sign up to 80 square feet).
- Were applicable, signs must abide by any visibility triangle regulations.

I hereby acknowledge that I have read this application and that it is correct; and I agree to comply with all city ordinances and state laws regulating signs and billboards.
